Organization Hawaii Rainbow Service  
Do you wish to speak at the hearing? Yes

RECEIVED  
CITY CLERK  
O & C OF HONOLULU  
2017 APR -1 AM 7:38

My name is Annalisa Stone and I am a co-owner and manager of Hawaii Rainbow Services. I am testifying on behalf of our company and let you know that we strongly support Bill 13.

Written  
Testimony

Hawaii Rainbow Service is managing and operating the Iwilei Business Center (IBC) parking lot at 501 Sumner St. The Iwilei Business Center is an association of apartment owners (AOAO) of many small to medium size local companies such as HonBlue, Austin Tsutsumi & Associates and SSFM to name a few. The IBC also has one apartment owner operating an ice cream company, IL Gelato Hawaii, which has a manufacturing facility and a retail outlet on the property. There is pedestrian and vehicle traffic to the local businesses. Hawaii Rainbow Services provides parking management service and operates the entrance gate of the business park. Our staff has to deal with the many homeless people who sit and lie along Sumner Street and enter the business park in order to try to gain access to Costco and other businesses past our premises. We have trespassers who ignore our staff and our people feel unsafe and not protected by the police. It takes too long for the police to come and the officers claim there is not much they can do about the situation as there are now adequate laws in place to ban the homeless from living on the sidewalks. We had occasions where the homeless people enter through our back entrance and steal wooden pallets and rummage through our dumpsters and when asked to leave got aggressive.

The City and County needs to do something to address the situation and we would like to ask you to pass Bill 13 .

With best regards

Annalisa Stone
